Rural Skills Funding Application Form

Dear Member

As you are aware, the West Midland Area of Young Farmers has received funding from the Big Lottery Project for developing the West Midland region of Young Farmers.

Each county in the West Midlands has been allocated funding to spend on rural skills training for its members. This training can take any form as long as it can be related to furthering rural skills.

Accessing the funding is easy – all you have to do is identify the training course you want to undertake, fill in the application form below and return to the YFC centre.

Applications will be assessed for suitability and funding available. We may not be able to fund your entire course but will be able to part-fund your costs in most cases.

You will receive a letter confirming your funding and stating the conditions of receipt. All applicants will be required to complete an application form and we will not release funding until an evaluation form has been completed as proof of training.

NB – Please note that there are strict rules regarding sources of funding and we cannot fund courses that are already subsidised from other bodies. This means that you would not be able to get the VTS funding administered by 7Y, so please ask 7Y for the cost of the training without VTS funding to include on your application form.

We are also unable to fund courses that are a legal requirement (ie Transport of Animals) or the test fees for any examination. For example we can fund the B+E trailer training but would not be able to fund the DSA B+E examination.

So, what are you waiting for? Apply today!
